Achievement for All offer a full SEND Reform Implementation Review to support and challenge your college to assess exactly where you're at with the reforms and identify areas that need particular focus.

The Reviews are led by one of our highly experienced Review Coaches and underpinned by rigorous Quality Assurance and national perspective. Incorporating coach visits, a full audit and presentation of a report outlining areas of strengths and recommended next steps, the whole process can be complete in 4-6 weeks leaving you with excellent evidence to present to Ofsted and others of your commitment in this area.
