FOSTERING

ACHIEVEMENT

**Live
science
shows!**

**Ride
on the Red
Arrows and
360° Flight
Simulators!**

Join us for a trip to the Science Museum!

Some of the children in care you support have been involved in the London Fostering Achievement programme via their school and virtual school. We'd like you to join them for a special event to have some fun together on us! You are invited to an evening of delicious milkshakes and spectacular scientific fun at a special museum opening exclusively for the looked after children involved in the project.

We realise the importance of children's social workers to improving educational outcomes and it would be so valuable to have you there on the day to celebrate their success.

The *Launchpad* is packed with over 50 interactive exhibits, plus electrifying shows and lively demos, all from the wonderful world of physics. *Launchpad* is all about asking questions and making sense of the way things work. What am I looking at? What would happen if...? Please come along and join foster families, teachers and virtual schools to have some fun and learn together about the amazing world around us.

Each looked after child from a participating school will receive a a £25 gift voucher to spend in the marvellous Science Museum Shop and have the chance to meet some special guests. For more details and to sign up, visit:

www.londonfosteringachievement.org.uk/event/celebration

Date: 23rd September 2015

Time: 6.45pm – 8.45pm

Address: Launchpad, Science Museum, Exhibition Road, London SW7 2DD
(enter via Group Entrance door)

Please contact your virtual school for more information or email
or email lfa@fostering.net

This event is fully funded as part of London Fostering Achievement, with special thanks to your virtual school.
