QUICK ACCESS GUIDE

How to access the resources

The resources can be easily accessed in two ways:

The following page is a graphic representation of all the materials.

The interventions are organised into **quick wins** (things that a school can do quickly and at no cost to make a difference) and **medium/longer term strategies** that may have training and resource implications.

Every box is hyperlinked to an on-line, open access information database hosted by Achievement for All 3As

SIMPLY CLICK ON A BOX, AND YOUR BROWSER WILL TAKE YOU STRAIGHT TO THE RESOURCES

Many of the information pages then link to a number of other on-line resources for ease of access.

You will also be sent a more conventional PDF with the hyperlinks visible in table form.

We look forward to meeting you for full training in June/July.
