

## Case Study: Family life in Lesotho (LEDC)

Location of Lesotho in Africa

Nine-year-old Karabo has lots of responsibilities.

**Describe the location of Lesotho:**

.....

.....

.....

### Facts about Lesotho

Capital city: .....

Population: .....

Life expectancy: ..... years

Population under 18: .....

Number of orphans: .....

Percentage of children enrolled in primary school: ..... %

### Family life in Lesotho

Which theory of childhood do you think applies to Karabo's life?

BIOLOGICAL THEORY	SOCIAL THEORY
<input type="checkbox"/> Everyone under the age of 18 is a child	<input type="checkbox"/> The lives of under-18s around the world can be very different
<input type="checkbox"/> Children are protected by adults	<input type="checkbox"/> Children make decisions and help and protect themselves and other people
<input type="checkbox"/> Adults make decisions for children	<input type="checkbox"/> Children play an important roles in their families
<input type="checkbox"/> Adults provide for children	<input type="checkbox"/> Children choose to go to school to make their lives better
<input type="checkbox"/> Children spend their time at school or playing	<input type="checkbox"/> Children make decisions and are responsible

The expectation of children in an LEDC is that they...

- 
- 
- 
- 
- 

I think the role of children in an LEDC and Karabo's life fit with Sophie's Social theory/Brian's Biological theory because...
